

## Ordering instructions for members of alumni organizations

All paying members of an official alumni organization of a Swiss university are eligible to order. Since you as an alumnus/-a no longer have an active SWITCHaai login, you can use the **code validation** to access the online shops.

Go to our website <http://www.projektneptun.ch> and choose an offer. When you click on "Order now", you will be redirected to the validation method selection. Please select "Validation by Code".

In order to profit from the selected offer, you must confirm that you are currently a student or teacher, or enrolled or employed by an educational or research institution and therefore entitled to order. Please choose one of the following validation methods:

<p><b>Validation by Code</b></p> <p>The code will be given to you by your educational institution or alumni organisation.</p> <p><a href="#">Validate using code</a></p>	<p><b>SWITCH / SWITCHedu-ID</b></p> <p><b>SWITCHaai / eduID Authentication</b></p> <p>Members of institutions with SWITCHaai / eduID authentication proceed here.</p> <p><a href="#">Authenticate using SWITCHaai / eduID</a></p>	<p><b>Validation by Form</b></p> <p>Members of institutions without SWITCHaai / eduID or code select this option.</p> <p><a href="#">Validate using Form</a></p>
--	---	--

**Please fill in the form truthfully.** If you have a personal email address from your alumni organization, please enter it. If your alumni organization does not provide personal email addresses, you can use your private email address. The code will be provided to you by your alumni organization.

By clicking on "Continue" you will be redirected to the respective online shop of our sales partner.

In the sales partner's store, you can register any email, billing, and shipping address. Please note that for Apple orders, a confirmation of your membership (e.g., screenshot of the member area, confirmation letter, member card, or similar) must be uploaded to the shopping cart.

**Your order will be processed only after payment.** You can either pay via credit card / Paypal / Twint / Postfinance or choose prepayment / e-bill. The delivery time indicated at the respective article is valid from receipt of payment. The ordered items will not be reserved until payment is received.

The prices you see on the Projekt Neptun website and in the online store of the sales partner are based on your membership in an alumni organization. **If the information you provide is not true, we reserve the right to cancel the order or charge it at the current list price.**

Please note that Apple orders for alumni are only available during the semestrial Neptun Waves.

For validation issues, please email us at [kontakt@projektneptun.ch](mailto:kontakt@projektneptun.ch).
